"The look and feel of wool without the itch!"

Reminiscent of classic woolens from famous mills, **Cottonworks Wovens** are pure-cotton fabrics woven to look and feel like their pure-wool counterparts. These "cotton laines" have the thickness of wool but as cottons, they don't require extra care or expense to maintain. As woven plaids, stripes and textures, **Cottonworks** can be used for quilts, home-décor, stitchery and rug-hooking.
